PERCUSSION BAGS

PREMIUM PROTECTION

Unlimited Percussion Bags are made of heavy duty 900 denier nylon with triple-stitched handles and straps. Covered by a one year warranty, our bags are durable protection for your instruments and hardware.

*Reinforced shoulder straps, padded interiors, and convenient accessory pockets ensure that you--and **all** your gear--make it to the gig safely and comfortably*

CYMBAL BAGS

Our cymbal bags feature adjustable shoulder straps with textured rubber pads for non-slip carrying.
(Straps can be removed if desired.)

Nylon handles are double-stitched for extended durability. Velcro outer pockets provide extra storage for accessories.

Our standard cymbal bags feature padded interiors and also have three internal nylon dividers to safely transport up to four cymbals at a time.

Available in sizes from 18" to 26"

CYMBAL BACKPACKS

Our Cymbal Backpacks feature three dividers allowing you to carry up to four cymbals comfortably.

Your hi-hats fit in a separate outside pocket. A small zipper pocket lets you stash personal items.

Extra strong 1200 denier nylon provides safety and durability.

The padded backpack straps are adjustable and the reinforced handles let you grab your cymbals and go.

Available in sizes from 20" to 24"

HARDWARE BAGS

BIG GIG BAG

The Big Gig Bag is an excellent choice for all sorts of gigging musicians. The Big Gig is well suited to drum hardware, microphone stands, speaker stands, DJ lights, and more. Nylon separators with velcro seals protect your gear in transport, while adjustable buckled tie-downs keep your gear securely in place.

Rounded handles and adjustable shoulder straps make for easy carrying, while the convenient accessory pocket is great for sticks, cables, mallets, and other accessories.

*Interior: 46"x13"x13"
Pocket: 36"x7"x2"*

MEDIUM GIG BAG

Our Medium Gig Bag sports the same features of our Big Gig bag, just in a slightly smaller size. The outer pocket is long and secured with a plastic buckle. Made from our heavy-duty nylon, the Medium Gig Bag is the perfect size for drummers with simple kits, sound techs for smaller club gigs, or anyone who'd rather carry two lighter equipment bags versus one heavy one.

*Interior: 40"x8"x8"
Pocket: 35"x3.5"x3"*

KICK PEDAL BAGS

The Unlimited Kick Pedal Bag is the best lightweight bag to carry your kick pedals. It has a thick padded divider that creates two compartments to keep your pedals from banging into each other. If you just have one pedal, you can use the extra space to carry your drumsticks. The front has slots for the beaters and connecting rods. The reinforced handle and adjustable shoulder strap make carrying easy.

GONG BACKPACKS

Your gong isn't just an instrument, it's a spiritual companion, a member of the family... and it deserves the best protection.

Our Gong Backpacks feature extra padding, extra strong 1200 denier nylon, reinforced bottoms, padded straps, and triple stitched handles.

Add its zippered outside pocket, and you are ready to gong anywhere.

Available in three sizes:
Small: for 22"-24" gongs
Medium: for 26"-28" gongs
Large: for 30"-32" gongs

GONG BAGS

Designed with protection in mind, Unlimited Gong Bags feature half-inch foam padding and heavy duty zippers. Handles on top and the sides offer two comfortable carrying options.

Available in sizes from 16" to 52"

MALLET BAGS

The Unlimited Mallet Bag's soft padded interior keeps your mallets safe. Zippers on both ends of the bag give you easy access. A removable shoulder strap and dual nylon handles make it a breeze to carry

Length: 21"

Diameter: 9"
